

# GREG MARTIROSIAN

Angular Front-End Developer

+34 641 294 406

greg.martinez.dev@gmail.com

## ABOUT ME

Passionate Front-End Developer with over 4 years of web development experience, including 2 years specializing in Angular and native JavaScript. Skilled in backend technologies for a comprehensive approach to building robust applications. Dedicated RSSchool mentor, guiding students in mastering Angular and writing clean, efficient code.

## LANGUAGES

English (intermediate)  
Spanish (intermediate)  
Russian (native)  
Armenian (native)

## TECHNICAL SKILLS

**Frameworks & Libraries:** Angular, RxJS, NgRx, React, Redux, jQuery, Bootstrap

**Languages:** JavaScript, TypeScript, HTML, CSS, SCSS

**Build Tools:** Gulp, Webpack

**Backend Technologies:** Node.js, Nest.js

**Design Tools:** Figma

**Testing:** Karma, Jasmine

**Other Tools:** Scully, Strapi

## EXPERIENCE

### Front-End Developer

G-Core Labs S.A., Remote

2022 – 2024

Developed a cloud products calculator for the company website using Angular (v15, v16), RxJS, Strapi, Scully, Nest.js with TypeORM, and PostgreSQL. Implemented complex logic and multiple user interactions, generating data from JSON prices for seamless frontend integration.

### Front-End Developer

Freelance, Remote

2020 – 2022

Collaborated with diverse clients to develop blogs, online shops, and landing pages. Designed visually appealing and functional site elements using JavaScript, SCSS, Bootstrap, WordPress, OpenCart, and jQuery.

## EDUCATION

### The Rolling Scopes School

Front-End Developer / JavaScript

2021 – 2022

### MGSI - External DPO - GDPR

General Data Protection Regulation (GDPR) 2023

### freeCodeCamp

JavaScript Algorithms and Data Structures

2021
